

DrumQuilt®

DrumQuilt® can accommodate a 55-gallon steel, plastic or fiber drums in both limited and multi-trip applications.

It is effortlessly slipped over the top of the drum and provides coverage down to the floor. Built-in straps help the quilt to conform to a variety of shapes. Various sizes are also available to accommodate a variety of applications from 5-gallon pails to different size kegs.

Q Products can even custom engineer and design a DrumQuilt® to fit your needs.

- Protects from both heat and cold
- Simple application/Easy removal
- Accommodates most drums, totes, & pails
